NOVISIX
YOUR NEXT ADVANTAGE

Custom AI that takes routine work off your plate

How many hours a week does your team spend on emails, administration and researching?

Count them. That's the time our systems give back.

NOVISIX
YOUR NEXT ADVANTAGE

Everything we build is custom: AI that fits your business, not the other way around.

Built around your people and your data.

You decide what the AI can see

Access is set per person or role. The workspace checks it before the AI answers.

1 **Owner sets access**
Per person or role.

2 **Someone asks the AI**
A team member asks a question.

3 **The system checks access**
Before anything is shared.

Allowed

The AI answers.

Not allowed

“I don’t have access to that. Can I help with something else?”
